Dirtboard	4' X 8' X 3/8" (1.22 X 2.44m)	60 lbs (27 kg)

**For Rubber Tire/Track Vehicles Only!
Not Recommended for Steel Tracks.**

QUALITY PERFORMANCE SOLUTIONS

TRAKMAT® is available in a *Light Color* material, keeps the mat cool in summer and prevents heat build up and burnt grass. That's important when clients have expensive landscape issues.

Mats are unaffected by heat or cold and are UV protected for extended life and utilization.

TRAKMAT® has many uses. Just let us know and we'll match your need to our mats.

Also available in *Black* if protection against heat build up is not an issue.

Connectors for **TRAKMAT®** are available in several versions.

2-Way
Heavy Duty Urethane

4-Way
Heavy Duty Urethane

Ground Stake

* Require an Event Walkway? We have a version of the **TRAKMAT®** called a "Ped" Mat designed specifically for that purpose. One side has a closely spaced traction pattern for pedestrian traffic while retaining the customary **TRAKMAT®** pattern on the other. There are No Hand Cut-Outs on the "Ped" series that could create a trip hazard.

* **TRAKMAT®** is available with one side smooth when you need to protect surfaces from potential markings or indentations that could be caused by the traction cleat pattern.

* **SandMats** are a great addition to our lineup. Sandmats are designed to get you UNSTUCK. Mats work in sand, dirt, mud, ice and snow. It is all about TRACTION and MOMENTUM. Check them out @ www.sandmats.com.

• **DirtBoards** when you need to excavate and hold the dirt near the site. Perfect for Cemeteries and similar applications. Black color with both sides smooth.
